

Mathis Soupizon

Creative developer · Multimedia & Internet student (BUT MMI), 2nd year

Blois, France — able to relocate

mathissoupizon@gmail.com

patapain18.github.io

github.com/Patapain18

Looking for an internship abroad in spring 2027 — creative development, front-end or interactive design.

Started with a vocational diploma in digital systems — repairing machines, setting up networks, installing cameras and alarms — then moved to multimedia design and found my path: designing and coding websites and apps, often in real-time 3D. Studying Japanese every day, and looking to spend my internship inside another design and code culture.

■ SELECTED PROJECTS

Shinka 2026

patapain18.github.io/shinka

A contemplative 3D aquarium: nine species generated by Blender scripts, rarity that follows the visitor's real time of day, every sound effect synthesised live.

Three.js · WebGL · Web Audio API · Blender · Python · GLSL

WeatherHub 2026

github.com/Patapain18/WeatherHub

A native macOS weather app: forecasts, air quality, sport profiles with adjustable thresholds, and nineteen skies rendered on the GPU in Metal.

Swift · SwiftUI · Metal · MapKit · Open-Meteo API

Signaux actions 2026

github.com/Patapain18/cipher

Scans 49 large US stocks every five minutes and measures its own rankings against 200 shuffled versions of them. Places no orders.

Python · pandas · WebGL2 · GLSL · PyObjC · yfinance

Kaorie 2026 SCHOOL PROJECT

patapain18.github.io/kaorie

A complete shop for an invented perfume brand, built with Léa Devallez: hand-written front end, PHP and Twig back office, MySQL database designed together.

HTML · CSS · Vanilla JS · PHP · Twig · MySQL

Cypher&co 2026 SCHOOL PROJECT

cypher-deploy-eta.vercel.app

A spy agency's WordPress site on a hand-written theme: every page is a 3D room in Three.js.

WordPress · PHP · Three.js · WebGL · GLSL · Blender

■ EXPERIENCE

Code & design — Astero Studio · studioastero.com

2026 — present

- Creative studio run with a friend: he handles relationships, I handle code and design.
- Its website: a 3D cockpit in Three.js and WebXR, 60 fps on desktop, mobile and VR.

Audiovisual production intern — Berryscope, Bourges

2024 — 2025

- Live basketball broadcasts: slow-motion replays in vMix (Tango Bourges Basket on YouTube), advertising screens run from a control desk.
- Network diagram of the broadcast van and courtside rig (PoE, Dante audio) in draw.io.
- Filming (a football team, a mayor's interview); a report edited and subtitled in Premiere Pro.
- Reels in DaVinci Resolve, After Effects templates, videos published on YouTube, Instagram and TikTok.

Photography intern — Studio Doré Photographe, Mehun-sur-Yèvre

May — Jun 2024

- Retouched photos in Photoshop and printed ID photos.
- Took the photos for a hotel's new website (Anaïs Hôtel, Bourges).

IT support intern — Auxitrol Weston and Seco Tools (Bourges),

2023 — 2024

Sos Connec-Tic (Cher)

- Repaired and replaced computers, payment terminals, label printers, routers and printers; set up electronic shelf labels.
- OS installs from bootable USB drives; Word procedures and Excel tracking tables.

■ INTERESTS

Curious about everything, I learn by building: Japanese with my own app, the keyboard with a practice app, the stock market with a bot.

■ SKILLS

3D & real-time

Three.js · WebGL / WebGL2 · GLSL · Blender · WebXR · Draco

Front-end

JavaScript · HTML / CSS · Astro · Canvas API · PWA

Native & back-end

Swift · SwiftUI · Metal · Python · PHP · MySQL · WordPress

Sound & tools

Web Audio API · MIDI · Ableton · Git · Godot

Image & video

Photoshop · Premiere Pro · After Effects · vMix · DaVinci Resolve

Hardware & networks

PC repair · Networking · Alarms & CCTV

■ LANGUAGES

French: native

English: A2–B1 (CEFR) —

practising every day

Japanese: beginner — studying daily, aiming for JLPT N5

■ EDUCATION

2025 — 2028

BUT Métiers du Multimédia et de l'Internet

3-year Bachelor of Technology in Multimedia & Internet Design, front-end development, audiovisual production.

IUT de Blois — University of Tours, France

2022 — 2025

Baccalauréat professionnel

Systèmes Numériques

Vocational high-school diploma in digital systems, graduated with high honours
Hardware, networks, systems maintenance.

Lycée Saint-Jean-Baptiste de La Salle, Bourges, France
